ABSTRACT

The origin of students enrolled in Kentucky colleges and universities is tabulated in this tenth annual report. The Kentucky state-supported and independent (private) institutions of higher education enrolled 124,996 students during the fall semester of 1976. Of this number, 83.8 percent were residents of Kentucky. This figure is in accordance with the policy adopted in 1969 by the Council on Public Higher Education to limit the out-of-state student enrollment in the state system of colleges and universities to 15 percent of the undergraduate enrollment. This report includes maps and tables showing origin of enrollment, first-time freshman enrollment, enrollment by county and state, and total enrollment as a percent of the population. (LBH)

Documents acquired by ERIC include many informal unpublished materials not available from other sources. ERIC makes every effort to obtain the best copy available. Nevertheless, items of marginal reproducibility are often encountered and this affects the quality of the microfiche and hardcopy reproductions ERIC makes available via the ERIC Document Reproduction Service (EDRS). SUMMARY

This is the 10th annual Council on Public Higher Education report on the origin of students enrolled in the Kentucky colleges and universities listed on the preceding pages. These institutions are accredited by the Southern Association of Colleges and Schools or the American Association of Bible Colleges.

The Kentucky state-supported (public) and independent (private) institutions of higher education enrolled 124,996 students during the fall semester of 1976. Of this number, 104,794, or 83.8 percent of the total, were residents of Kentucky.

State-supported colleges and universities enrolled 107,227 students. Of this number, 93,017, 86.7 percent of the total, were Kentucky residents. A total of 17,769 students were enrolled in the independent college and university sector. The 11,777 Kentucky residents made up 66.3 percent of the enrollment in these institutions.

In the fall of 1976, first-t

In the fall of 1976, first-time freshman enrollment in Kentucky colleges and universities totaled 28,852 —— 23,834 in the state-supported colleges and universities and 5,018 in the independent institutuions. Of the total first-time freshmen, 23,882 or 82.8 percent, were Kentuckians.

The state-supported institutions enrolled 20,472 of the first-time freshmen from Kentucky; the remaining 3,410 were enrolled in the independent sector. These figures represent 85.9 percent of the first-time freshmen at the state-supported institutions and 68.0 percent of those freshmen at the independent colleges.

In 1969, the Council on Public Higher Education adopted a policy to limit the out-of-state student enrollment in the state system of colleges and universities to 15 percent of the undergraduate enrollment by the fall semester of 1972. The policy also indicated that an individual state-supported institution should not exceed 20 percent out-of-state students in its undergraduate enrollment. The 1976 fall semester enrollment for the state system indicated 12.4 percent of the undergraduates are out-of-state students.
